

Make some volunteer IMPACT – join the Ambassador Council and spread the CFA UK word

No of Volunteer Council Members	2
Timeframe	One year Term
Commitment	6 Council meetings a year plus socials/workshops
Reports to:	Volunteering

Volunteering at CFA UK isn't just about career development – it's so much more. Networking, sharing an experience with like-minded peers, influencing your profession, and sometimes simply making new friends.

With this much value to be had, we want to ensure all our Members have the opportunity to get involved and have an excellent volunteer experience.

Our Ambassador Council oversees our largest volunteer group of nearly 70 Volunteer Ambassadors across England and Scotland. Ambassadors are a crucial volunteer within firms who bring together the CFA Community internally and raise the profile and benefits of the CFA Values to CFAs and Non members alike.

Who we are looking for?

- Members who have volunteered as an Ambassador for over 18 months
- Members with experience of other Ambassador programmes
- Members with a strong belief in the CFA values and creating a network of Ambassador firms who want to adopt the same values

What will you get out of it?

- Excellent experience of team working within a Volunteer Council
- Improved networking through the Council and Ambassador networks
- Opportunity to raise your profile in your firm and other firms promoting the CFA message of ethics and professionalism

The activity of the Ambassador Council Members includes:

1. Maintaining the existing Ambassador network through excellent communication and events.
2. Helping to grow the Ambassador networks in firms with no Ambassadors
3. Alongside the Volunteer Development Manager, ensure all Ambassadors feel supported and trained to carry out their roles
4. Ensure all Ambassador material is up to date and relevant
5. Plan Ambassador events across the year

The Working Group will take the form of a mix of in-person meetings, document reviews and emails.

CFA UK seek to represent the diversity of the society's member base.
