The CFA UK Mentoring Programme aims to support the development and career progression of investment professionals by providing opportunities to share impartial advice and facilitate the exchange of knowledge and experience between participants. The programme will run for 9 months from April 2020 until December 2020. It is not intended to be a direct recruitment tool by either mentor or mentee.

Who we are looking for:

- CFA UK members of all levels of experience /seniority within their field - we are particularly keen to hear from mentors who have 10+ years' experience in a senior position within the Investment industry.
- Able to commit to one-to-one mentoring with their mentee, including at least one face-to-face meeting per month.
- Must be a CFA UK member and a CFA charter holder.

What you will gain:

- Develop leadership and coaching skills.
- Enhance your communication and networking skills.
- Build new networks with your fellow mentors and the mentees
- Give back to the investment industry community.

How it works:

- Mentors and mentees will be matched based on suitability in terms of career stage, role type and identified goals.
- All matched mentors and mentees will be asked to attend the kick-off event in London in April.
- Each pair will agree on the mentee goals and outcomes for the Mentoring Programme along with a timetable and framework for regular contact throughout the programme.
- Mentors and mentees will then get in contact on a regular basis to progress towards achievement of the mentee's goals.
- All participants will be invited to a closing event at the end of the programme and will be asked to review their experience.
